MEMORANDUM FOR THE RECORD

SUBJECT: Midcareer Course

1. Following the staff meeting today the Director of Training asked my opinion as to what should be done to the continuation of the managerial grid as the first week in the running of the Midcareer Course. On prior occasions he had expressed himself that some changes should be made and that he had recently discussed the matter with various senior officers of the Agency. He further indicated to me that he raised the question with Mr. [REDACTED]

2. I replied that I had not studied the matter thoroughly but had discussed it briefly with Mr. [REDACTED]. Further, I told him I was of the mind that for the next two runnings of the Midcareer Course the grid should continue to occupy the first week as it always has. If this were set, the following period could be used to take a look at the total Midcareer Course including the week devoted to the managerial grid and the trip. He agreed completely and asked me to pass on his decision to Mr. [REDACTED] and to work with him on this matter.
